Blitz Report™

World's fastest data upload and reporting for Oracle EBS

Blitz Report™

Instant, real-time reporting

Blitz Upload™

Seamless Excel-based data upload

Blitz Report FSG™

Interactive financial statements

Supply Chain Hub

End-to-end operational visibility

Founded in 2010 and headquartered in Küsnacht, Zurich, Switzerland, Enginatics empowers organizations to uncover real-time insights directly from Oracle E-Business Suite.

With a passion for precision and performance, we deliver Excel-native, drillable analytics that transform raw ERP data into lightning-fast, actionable intelligence.

Our Essence: Real-time clarity. Effortless analytics. Smarter decisions.

Blitz Report™ is Enginatics flagship reporting engine — built for speed, precision, and flexibility.

Value:

Put the power of reporting in every user's hands—no IT intervention needed, just instant business insight.

Key Highlights:

- Execute complex SQL queries in seconds.
- Export to interactive Excel reports—drillable, formatted, and dynamic.
- Access 600+ prebuilt templates across Oracle EBS modules.
- Create and customize your own SQL reports with ease.
- Integrated directly into Oracle Forms navigation.

Blitz Upload™ where Excel meets enterprise control.

Benefit:

Bring agility and accuracy to your data workflows — update thousands of records effortlessly, with confidence.

Core Capabilities:

- Uses Oracle public APIs and open interfaces.
- Performs real-time validation and error feedback.
- Ensures secure, auditable, and responsibility-based control.
- Perfect for bulk data updates—items, prices, employees, and more.

FSG — Reinvent financial visibility with Blitz Report™ FSG, the modern evolution of Oracle's Financial Statement Generator.

Why It Matters:

Deliver real-time financial clarity and empower your teams to make faster, sharper fiscal decisions.

Features:

- Real-time access to GL data with drill-down to journals and subledgers
- Beautifully formatted Excel output—variance and budget comparisons included
- Fully customizable via SQL-driven rows and columns
- Schedule, automate, and email financial reports effortlessly

Supply Chain Hub

brings your end-to-end supply chain to life — real-time, drillable, and Excel-ready.

Power:

End-to-end supply chain intelligence delivered instantly.

Examples:

- Inventory Valuation
- Open Purchase Orders
- MRP Exceptions
- Delivery Schedules

Highlights:

- Access live EBS data instantly—no ETL, no BI tools
Excel-based dashboards for buyers, planners, and analysts
- Drill from KPIs to transaction details
- Track performance through fill rates, lead times, inventory turns, and shortages
- Role-based access ensures secure, targeted visibility

Blitz Report™

Fast. Flexible. Proven.

The Result:

Crystal-clear insights that drive performance, agility, and confidence across your enterprise.

Enginatics isn't just a solution — it's a transformation engine for Oracle E-Business Suite users.

Why Customers Choose Us:

- Unmatched speed and simplicity in ERP reporting.
- Proven ROI — immediate time and cost savings.
- Deep EBS expertise and ongoing innovation.
- Exceptional customer support and long-term partnership.
- No data duplication, no delays, minimal IT dependency.

SAOUG CONFERENCE 2025

“Blitz Report is the Ferrari of Oracle EBS reporting. It is extremely fast and provides a wonderful user experience.”

Ajay Thaker, Business Process Owner, Nufarm

“I converted several of our support SQL to Blitz already and continue adding more every week. I love Blitz.... easy, quick, and powerful. Our users love it too.”

Michael Schmucker, IT Systems Analyst, Tektronix

“Blitz was unbelievable easy to implement. Customer service is amazing, and they go above and beyond to assist with any questions.”

Jodi Wright, Senior Oracle Business Analysis, Paysafe

“Your product has made reporting so easy in our organization.”

Felecia Alston Green, Deputy CIO, Department of Innovation & Technology, DeKalb County
